Volunteers:

Thank you for the many volunteers who signed up to make this event a success! We have had more folks offering to volunteer than needed and only scheduled a fraction. If you signed up but have not heard from us, that is why. Your helping hand is always appreciated!

Weather:

It may be warm this time of year, but come prepared for wet and windy weather as it can change in a moment's notice!

Wine Tours:

Meet at Campsite Office Pullout

Swap Meet:

You bring the items you are interested in swapping. We will provide Clubhouse A as the location for this event.

Trailer Tours / Modifications:

We know that some of you have done wonderful modifications to your Escape Trailers and are happy to share your expertise. We will be giving out a marker such as a flag or balloon and string to attach to your trailer. If the balloon is up or the flag is posted, it means you are interested to share your knowledge. That can be anything from a self-made curtain to an extensive solar solution. It's a great way to connect and make more friends!

Home Hardware Store:

Don' forget about the Home Hardware Store on the main road in Osoyoos. It is a treasure trove. You could lose yourself in there for a couple of hours.

Eating out:

If you are hungry for takeout food, we have a couple of recommendations. The Flame is good Indian food, and the Osoyoos Pho Vietnamese is delicious. Nesters Market is perfect for groceries, and they have great steak for the pan.
